

Point of Sale (POS) Services Ready-Made and cloud-based Software Solutions

Shop Management System Package

1 – Place Daily Sale Receipt

Issue detailed receipts for every sale made in stores like clothing shops, shoe stores, and hardware outlets.

2 – Manage Products (Barcode)

Add and manage items using barcode technology for quick stock lookup and checkout.

3 – Payment Management

Record and track cash, card, and digital wallet transactions.

4 – Manage Customer Loyalty

Create a profile for each customer and offer loyalty incentives.

5 – Stock Management

Live stock monitoring, with alerts on low inventory and reports on stock flow.
